

SISTERS IN STRENGTH

LEADING WOMEN TO NEW AND DEEPER RELATIONSHIP WITH GOD

So then, just as you received Christ Jesus as Lord, continue to live your lives in him, rooted and built up in him, strengthened in the faith as you were taught, and overflowing with thankfulness.

A network of women who are rooted and grounded in Christ and desire to lead others to grow in love, living life in the fullness of God.

Are you a leader in your local church? Do you lead a Bible Study, run a group for mothers, lead worship, preach, organize or teach in Sunday School, mentor other women, etc.? If you are a woman who functions in any way as a godly, Christian leader, we would like to invite you to join **Sisters in Strength!** We are looking for women all across our constituency to join us.

What will this look like?

Sisters in Strength will be a monthly on-line gathering for women leaders in our CBOQ churches. Each meeting will have three parts:

1. A focus on spiritual formation.

We want to care for and strengthen your soul individually and in community so that you can lead and serve well. Different spiritual disciplines (practices) will be taught and experienced for you to explore for your own use and in your women's ministry.

2. A focus on leadership development.

Each month we will introduce a different aspect of leadership. You can expect to learn about things like mentoring, leading women to find their spiritual gifts, creating a simple Rule of Life, incorporating missions into women's ministry, resource sharing, planning and leading impactful meetings etc. As we move forward, we will include topics that you want to learn about.

3. Break out groups for sharing and prayer.

This is a safe place for soul care – a place of authenticity, accountability, and support. Break out groups will provide the opportunity to share about your ministry and be prayed for by sisters who are also serving in roles of Christian leadership. When we pray and share our hearts, we build community.

Join us!

- to grow your soul,
- to develop leadership skills and
